[From the Lodi Freeman.]

**Bristol's Sarsaparilla** now stands unrivaled  
for astonishing cures. Quite recently several cases of re-  
markable cures have been effected by the use of this valu-  
able medicine. The individuals cured by its use are not  
persons living at a remote distance as to render it im-  
possible to ascertain whether such individuals ever existed  
or not, but they are, as it were, our neighbors. We have  
also published in the Buffalo Commercial the certificate  
of a lady residing in Aurora, Erie County, who was so  
much reduced by a cancer that her life was despaired of,  
and an individual now at our elbow, who was her near  
neighbor, and well acquainted with her at the time, says  
that for some weeks it was not expected that she would  
survive a day; and that on our particular Sabbath morn-  
ing her death was hourly expected. So, there is no doubt  
that the case was a real one. And to the astonishment  
and surprise of all, this lady has been raised, within a few  
months, by the use of Bristol's Sarsaparilla, to the full pos-  
session of health and happiness, and is now able to attend to  
the domestic affairs of her family. This is not an isolated  
case, either, where individuals have been raised, as it were,  
from Death's door, while sinking under the ravages of can-  
cers; but they are numerous. A man by the name of  
Eustace Cross, residing in Warren, Genesee County, has  
also given his certificate of his being cured of a cancer by  
the use of the Sarsaparilla. Also, a man by the name of  
Matthew Hassett, who resided in Buffalo, has been happily  
cured of a disease brought on by the impurities of his  
mercury, and subsequent bad treatment. The poor suf-  
ferer was sinking rapidly into a premature grave, and the  
medical faculty had given up his case as hopeless, when  
Mr. Bristol commenced administering his Sarsaparilla,  
and, as nothing as it may appear, he having taken no other  
medicine since the 1st of June last, he is so far recovered  
as to be able to resume his old business of shoe-making  
again.

A few days since, being at Arcade, in Wyoming  
County, we were informed that there was a man by the name  
of Francis, residing three miles north of that village, who  
had been lingering with a cancer on the hip and tongue,  
and his attendant physicians, even the celebrated Dr. Cole-  
grove, of Springfield, had considered his case as hopeless;  
and had even sent for his daughter to come home and see  
him, when, as his last hope, he commenced taking  
Bristol's Sarsaparilla, and he is now rapidly recovering.

This article is not written as a puff, but for the benevo-  
lent purpose of informing a suffering community that this  
is undoubtedly destined to rival all other medicines ever  
brought before the public, and to persuade the afflicted to  
obtain and use it with confidence.
